

65 N Madison Ave Suite 201, Pasadena

8221 Rochester Ave Suite 130, Rancho Cucamonga

237 S Glendora Ave, Glendora

To reassure our patients, local doctors, and community at large we have enacted new protocols:

- We have limited our schedule to guarantee no patient overlap in the office with sufficient time to sanitize after each patient seen
- We have installed plexi-glass barriers throughout the office
- We have fully equipped our staff with PPE
- We are prescreening all patients for prior symptoms
- We are checking temperatures before entry
- We created drive-thru contactless appointments for adjusting hearing aids
- We are no longer accepting walk-in appointments
- We are maintaining a "hug free/hand shake free" zone until further notice
- We have temporarily removed all magazines, and our tea & coffee services
- We have generated instructional videos on hearing aid care, cleaning, and cell phone trouble shooting, available on our website for free
- We have implemented Telehealth
- Patients and Doctors can contact us via video chat on our website
- We replaced our equipment to be more automatic and faster
- Patients can fill out forms and make payments through our website

Doctors of Hearing is here and ready to continue serving your patients in a safe and worry free environment.

Please Call us at (626) 639-3182.
